REGISTRY FOR GREENHOUSE GAS EMISSION ALLOWANCE TRADING

Due to the ongoing transition to the Union Registry valid information about number of transactions and volumes of transferred units is not available.

Note:

The data is valid to the last day of the calendar month and may vary according to the version of the settlement of imbalances.

OPM - The point of delivery and transfer registered in the OTE's system in case of the first change of supplier. Number of changes of supplier reflects the total number of delivery points, on which change of supplier occurred.
