

**Bořek Havránek – Member of the Board of Directors of OTE, a.s.**

**Since February 1st, 2023, Bořek Havránek became a Member of the Board of Directors of OTE, a.s. The Supervisory Board of OTE, a.s. elected him based on a selection process.**

“I believe that Bořek will be a perfect reinforcement of the team and with his experience will contribute to the further development of the market operator, which, in these challenging times for the energy sector, has many new tasks ahead of it.”, says Hana Konrádová, Chairman of the Supervisory Board of OTE, a.s.

“I am very much looking forward to the mutual cooperation”, says the Chairman of the Board of Directors OTE, a.s. Michal Puchel. “Bořek’s experiences will help us to handle the new challenges which are ahead of us in the energy sector and to fulfill all the tasks resulting from the updated legal standards for the Market Operator”, he adds.

Bořek Havránek is a graduate of the Faculty of Economics and Administration of the University of Pardubice. He has many years of experience in the financial management of the energy companies. In the years 2007-2010, he worked at RWE GASNET, s.r.o. as a Financial director. In the period 2011 - 2014, he worked at RWE EAST, s.r.o. as a Senior manager responsible for financial planning and consolidation of the holding of the countries of Central and South-Easter Europe. Then, until 2018, he worked as a Financial director at innogy Polska S.a. in Warsaw. He ended his long-term career in the innogy group in 2020 as Director of the telecommunication division and Chairman of the Board of Magnalink, a.s. In the period 2021 – 2022, he worked at DataSeed Solutionns, s.r.o. as a Business Development Manager in the area of data warehousing and business intelligence solutions for the utilities sector.

**OTE, a.s.**

*The joint-stock company OTE, a.s., (OTE) has been operating on the electricity market in the Czech Republic since 2002 and on the gas market since 2010. OTE is a provider of comprehensive services to individual participants in the electricity and gas market. According to §20a of Act No. 458/2000 Coll., On business conditions and the performance of state administration in the energy sectors and on the amendment of certain acts (Energy Act), OTE is a holder of a license for the activities of a market operator, which includes the electricity and gas market in the Czech Republic.*

*OTE organizes trading on the day-ahead and intraday market as well in the intraday gas market. OTE also offers participants in the electricity and gas market in the Czech Republic continuous processing and exchange of data, information for clearing and financial settlement of deviations between contractual and actual values of electricity and gas supply and consumption, and ensures administrative change of supplier of both commodities. At the same time, it manages the national greenhouse gas emissions register. OTE is responsible for the administration of the financial remuneration system for supported energy sources.*

*The joint-stock company OTE is appointed the nominated organizer of the electricity market (NEMO), by the Energy Regulatory Office. As a NEMO, OTE ensures a uniform interconnection of day-ahead and intraday markets and on behalf of market participants reports trading data from the short-term markets into the database of the Agency for the Cooperation of Energy Authorities (ACER).*
