

## The Central European Summer Time (Daylight Saving Time) in the CS OTE

### Warning

The Central European Summer Time will come into effect on March 26th 2023 at 2 a.m. so that 2 a.m. CET (Central European Time) will change to 3 a.m. CEST (Central European Summer Time). Therefore the delivery day 26th March 2023 will have only 23 trading hours.

### The impact on the electricity market participant

The conditions for the submission of the bids to the CS OTE Portal and OTE-COM during the change from Central European Time to the Central European Summer Time are as follows:

### The Realization diagram submission

The delivery day 26th March 2023 will have only 23 trading hours - you will have to fill in only trading hours 1,2,3,4 to 23.

Please, don't fill in volume for trading hours 24 and 25.

If you fill in trading hours 24 and 25, the realization diagram will be rejected and will not be included into the settlement!

You can use a web form for correct RD submission.

For delivery day 26th March 2023 the schedule time interval and time interval must be in the following format: „2023-03-25T23:00Z/2023-03-26T22:00Z“

Otherwise the realization diagram will be rejected!

For delivery day 27th March 2023 the schedule time interval and time interval must be in the following format: „2023-03-26T22:00Z/2023-03-27T22:00Z“

Example:

Trading hour “1” is for time interval 0:00 – 1:00, trading hour “2” is for time interval 1:00 – 2:00, **trading hour “3” is for time interval 3:00 – 4:00**, trading hour “4” is for time interval 4:00 – 5:00 ,.....and trading hour “23” is for time interval 23:00 – 24:00.

### The day-ahead market bids submission

The delivery day 26th March 2023 will have only 23 trading hours - you will have to fill in only trading hours 1,2,3,4 to 23.

Please, don't submit bids including trading hours 24 and 25.

If you fill in trading hours 24 and 25, the bid will be rejected and will not be included into the settlement!

You can use a web form for correct bid submission

Example:

Trading hour “1” is for time interval 0:00 – 1:00, trading hour “2” is for time interval 1:00 – 2:00, **trading hour “3” is for time interval 3:00 – 4:00**, trading hour “4” is for time interval 4:00 – 5:00 ,.....and trading hour “23” is for time interval 23:00 – 24:00.

### The intra –day market bids submission

The delivery day 26th March 2023 will have only 23 trading hours - you can trade just only 23 generated contracts (contract 02-03\_XB will not be generated).

Example:

Contract 00-01\_XB is for time interval 0:00 – 1:00, **contract 01-03\_XB is for time interval 1:00 – 3:00 (change clock)**, contract 03-04\_XB is for time interval 3:00 – 4:00, contract 04-05\_XB is for time interval 4:00 – 5:00 ,.....and contract 23-T00\_XB is for time interval 23:00 – 24:00.

## **The impact on the gas market participant**

The conditions for the submission bids (nominations) to the CS OTE Portal during the change from the daylight saving time to the Central European time as follows:

### **Nomination, renomination**

As usual you will submit only one volume (amount) for the whole day with the exception of the transport nomination but you should take notice that **the gas delivery day 25th March 2023 will have only 23 trading hours.**

Hourly nominations of transport will be in a message NOMINT as follows:

<b>Date from</b>	<b>Time from</b>	<b>Off-set from</b>	<b>Date to</b>	<b>Time to</b>	<b>Off-set to</b>
26.3.2023	00:00:00	+01	26.3.2023	01:00:00	+01
26.3.2023	01:00:00	+01	26.3.2023	03:00:00	+02
26.3.2023	03:00:00	+02	26.3.2023	04:00:00	+02

The deadline of nomination's windows (valid for nominations for gas day 25th and 26th March 2023) will be set up on 00:00 CET, 1:00 CET, 3:00 CEST, etc. (so nomination's window with closing time at 2:00 CET will be skipped due to the time change).
